

EXTENDED CIRCULATION

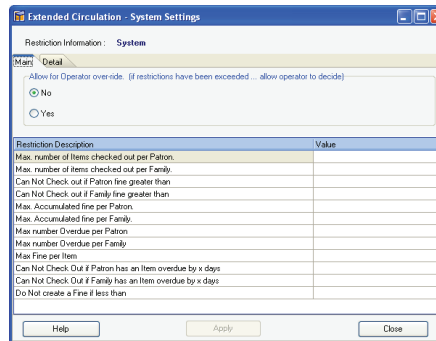

A ResourceMate® Add-on Module

The Extended Circulation Add-on Module is new for ResourceMate®. With it, you can create incredibly powerful circulation rules to cover the many possible borrowing scenarios in your library. Extended Circulation is available now for just \$195.

Extended Circulation includes features that can be broken down into four areas:

1. System Settings

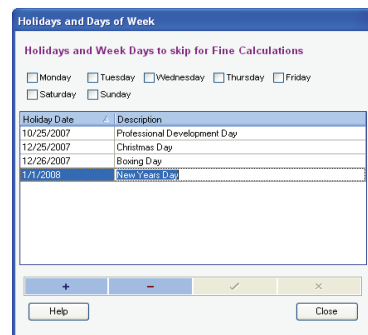

- You can set the maximum number of items a patron or family can check out
- Set maximum fines per patron or family
- Set maximum number of days overdue
- Set a checkout limitation if maximum fines or days overdue are exceeded

Librarians can set up privileges by patron, or by librarian-created patron groups, or system-wide. Alerts or blocks can be set to stop rules from being broken. Also has an option that an item renewal is the equivalent of a check out (great for statistic tracking purposes).

2. Resource Type Settings

- Set the check out period for that type of resource
- Create a maximum number of items of that resource type that can be checked out
- Set a resource type or location that can't be checked out

Resource type settings can be made system wide or in conjunction with patron and patron group settings.

3. Patron Privacy

- Retain circulation history but remove the connection to the patron for privacy purposes.
- Continue to track number of items a person has checked out even though the connection to specific items has been removed. Patron Privacy is an optional feature of Extended Circulation.

4. Holidays

- Indicate days of the year when fines won't be charged

5. Memberships

- Set up a membership program which requires patrons to be members to have borrowing privileges, and also use expiry date to control circulation

With rules like these implemented in your library you'll create a flexible, customized, easy-to-use circulation system, which is ideal for any library. Extended Circulation is only **\$195**. To learn more feel free to download a demo of our software at www.resourcecate.com or contact a representative at sales@resourcecate.com or call 1-800-815-8370!

What if...

... our teachers or adults needed better borrowing privileges than our students or kids?

...I could have different groups of patrons having different borrowing privileges?

...I could create a membership program for my library?

...I wanted to have days (like holidays) where my fines weren't charged?

...I needed to have maximum amounts of items that can be checked out?

...I could establish alerts to warn me when my circulation rules might be broken?

...I needed to flag delinquent patrons who should have limited borrowing privileges?

You can!
