

PAMPHLET INVENTORY

A ResourceMate® Add-on Module

The Pamphlet Inventory Add-on Module for ResourceMate® is a great tool for circulating items (like pamphlets, flyers and brochures) that you don't expect to receive back. The Pamphlet Inventory module is available now for just \$49.

The Pamphlet Inventory Module includes the following features:

- Tracks counts of pamphlets on the shelf.
- You can enter quantity added to your stock and enter quantity taken away (say at the end of the day).
- Generate re-stock reports based on limits set (ex. you only have 5 left on the shelf, time to add 10 more, you are down to the last 100 in the store room, time to get 500 more printed).

Pamphlet Inventory allows you to track quantities of particular items as they are added or removed. You can also generate a re-order/re-stock report. Pamphlet Inventory would not be used for items that are checked out and then returned. It's meant as a re-order tool so you know when it is either time to re-stock quantities of an item on the shelf or when it is time to re-order. It is also not limited to a particular resource type. Any item in any resource type can be used with Pamphlet Inventory.

As so many organizations are responsible for handing out extra information in the form of flyers and brochures, the Pamphlet Inventory Module is the perfect companion! From letting you know what hand-outs are available in your organization, to tracking how many are given out, to helping you reorder more – Pamphlet Inventory does it all! The Pamphlet Inventory Add-on Module is only **\$49**. To learn more feel free to download a demo of our software at www.resourcemate.com or contact a representative at sales@resourcemate.com or call 1-800-815-8370!

What if...

... I could track the pamphlets, brochures and other "non-returning" items I give out in my organization?

... I could get an alert when I'm running low on a particular pamphlet?

... I wanted to get all of my re-ordering information right in ResourceMate® so I don't have to go looking around for it?

You can!

With the ResourceMate® Pamphlet Inventory Add-on Module for just \$49
