

For Places of Worship
we are suggesting
ResourceMate® Essential
or ResourceMate®
Essential Plus.

Your Library is an Integral Ministry

Your library is more than just a collection of books and resources; it's your source of enriched information for spiritual growth, leadership development, and a guide for improving family relationships.

Keeping a library organized can support and strengthen your congregation. It is a vital resource center for your educators, staff, children and families, and people in need. It's a way to expand beyond the actual building, and out into people's homes and lives.

ResourceMate® helps you to promote stewardship by keeping track of the library's books and valuable resources.

With ResourceMate® you will be able to create an organized, functional library that will have a powerful impact on the people you serve.

With the ability to add up to 10,000 items (additional items can be purchased), track serials and subscriptions, and establish items that cannot be searched. Both programs will allow you to maximize productivity and efficiency for

those working in the library. They will also provide your organization the opportunity to integrate cataloguing, circulation, searching and reporting into one easy-to-use software program.

The Extended or Premium programs may also be a fit, depending on your organization's needs. For information about those programs, please visit our website at www.resourcemate.com

Your Library. Our Solution.

"ResourceMate® has been a tremendous help to us in getting and keeping our library organized and up-and-running smoothly."
