Resource MATE ®
## Your Library Automation Solution

ResourceMate® is Ideal for Your School Library

We understand that establishing and maintaining a library can be time consuming and expensive. ResourceMate® will help you use your time efficiently to establish an organized library. We've developed the software so that it can be tailored to meet your needs, and priced to meet your budget.

As a librarian, you have a variety of tasks and responsibilities to manage every day. With ResourceMate® you can integrate cataloguing, circulation, searching and reporting all into one easy to use software program.

After an easy installation process, you can immediately start cataloguing your items and enter student information. You can control the data entry process by establishing Authority lists and choose the classification system you wish to use in the library.

We listen to you! We regularly release updates to the software that contain suggestions from our customers. Our goal is to provide the best library automation solution for schools, and we know that the best way to do that is to help make ResourceMate® the ideal fit for you!

With the ability to add up to 20,000 items (Extended) or unlimited items (Premium), establish circulation rules that meet the needs of students and teachers as well as track textbooks. These are just some of the features that make it a great fit for schools of all sizes.

The Essential, or Essential Plus programs may also be a fit, depending on your school's needs. For information about those programs, please visit our website at www.resourcemate.com, **please visit our website at www.resourcemate.com**
