1. All products' item ceiling counts can be increased by purchasing additional capacity [Premium allows for unlimited items]. See [this web page](#) for pricing.
2. Only available with purchase of an annual support agreement; see above links for prices of annual support with Live Chat for the various products.
3. OPAC operates as a locally-installed catalogue search tool, typically running on a computer dedicated to the function. Additional OPAC licenses are a separate purchase. See [this web page](#) for pricing. By contrast, Web OPAC is a browser-based catalogue search tool compatible with any of the above editions. See [this web page](#) for more information and subscription rates for Web OPAC.
4. See [this web page](#) for Self-Circulation information and pricing.
5. Extended and Premium **do not** allow any Circulation Rules to be validated during the Remote Circulation Check Out processing *at this time*.
